Big Clearance Sale of Shoes

There is lots of warm weather still ahead. Fully two more months wear may be had of Summer Footwear. We would rather close out what we have left of these goods at a sacrifice than carry them over until next spring. These quotations ought to make every foot in Maysville tingle for the want of a pair of shoes. In this sale all profits go glimmering, and in many instances still deeper cuts have been made and original costs have not been considered. Prices are not fictitious, but former prices were readily obtained early in the season. Not many pairs are left in some of these lines, and if looking for a bargain with a big B you had better come quick before the lots are sold out.

Twelve popular, stylish colors, light and dark. Most of the patterns are plain, a few have very narrow silk pin stripes with a few dots. It is a good material for hats, dresses, blouses, and for shorts, dressing gowns, children's dresses, and it is a good special recommendation for the wear and tear of the schoolroom. Price 50c a yard, though it is a genuine 70c value.
